Club fee covers tournament entry fees, court time, coaching fees, player packages, and club expenses.
Parents / guardians will be responsible for all travel expenses.

It is the responsibility of the parent to ensure that all payments are made on or before the payment's deadline. Non-payment on the due date could result in no practice and/or playing time for the player. Club dues have been broken down to a monthly payment for ease and convenience. If further payment arrangements are needed, parents may reach out to the director to discuss. Payment discussions should not occur between players, parents, and coaches. All club fees are due even if the player does not finish the club season. Club fees are non-refundable.
